Re: LightSquared Subsidiary, LLC
Ex Parte Communication. IB Docket No. 11-109
IBSF File No. SAT-MOD- 20101118-00239

Madam Secretary,

Please deny the LightSquared petition. Independent testing has shown that will occur with high-precision GPS locating systems if their plan goes forward. This will adversely affect the surveying profession in property location and construction lay-out, emergency professionals locating scenes and victims of disasters, and everyday citizens using their mapping programs during transportation. All these groups and activities depend on accurate GPS signals to preserve the health and welfare of the public.

Terry A. Kendall, P.L.S.
First Deputy to the
Clark County, IN Surveyor
